SELLABLE: 291,189 sq ft = 6.68 acres = 57.3% of colony

Open space: river promenade + gardens = 25.5% (BVN Rule 47(2) minimum 10%)

Resort parcel: 512,668 sq ft = 11.77 acres (not part of the colony sale)

PLOT MIX

20 river-front villa plots, 4,290–7,076 sq ft (avg 5,610): back onto the river promenade

42 villa plots, 3,597–6,146 sq ft (avg 4,262): typical 45 × 90 ft (4,050 sq ft)

Every plot has direct frontage on a road right-of-way (checked: 0 without frontage)

ROADS

Access road 15 m from the main entry, through the resort, to the colony gate

Colony entry boulevard 24 m: 2 × 9 m carriageway + 6 m garden median

Every road 12 m divided: 4.5 m lane + 3 m garden median + 4.5 m lane

BVN 2012 Rule 38: 9 m needed for streets up to 250 m long

DESIGN LOGIC

No gardens inside plots – a 5,000 sq ft plot has room for its own garden

River-front plots face the river across a continuous 15 m riverside promenade

Every inner plot faces a garden median in its road

Internal streets run at an angle that fits the site, so few plots are wasted

Odd corners become pocket gardens or utility sites; clubhouse at the entry

TO CONFIRM BEFORE APPROVAL

River identity + HFL: if this is the Narmada, the 300 m rule leaves no buildable land

T&CP to accept the 15 m river buffer as part of the 10% open space

EWS/LIG: paid as shelter fee (no land) – confirm in-lieu option under 2014 rural rules

25% of developed plots mortgaged to the Collector until completion

Planning-area status and land use (T&CP); resort needs commercial use permission

Scale calibrated to surveyed areas (~1:858); architect to redraw on CAD survey
