

4,000 SQ FT – OPTION 2: TRIANGLE AS CENTRAL PARK

Colony at the back (river bend) + resort at the front (main entry) | Survey Drg SU/10/01, 23.325 acres

AREA STATEMENT – COLONY

Use	No.	sq ft	acre	%
River-front villa plots	20	112,201	2.58	22.1
Villa plots	40	171,504	3.94	33.8
Roads – carriageway and verges		96,246	2.21	18.9
Garden medians (part of road land)		4,240	0.10	0.8
Riverside promenade garden (15 m river setback)		66,260	1.52	13.0
Central park (triangle block)		18,755	0.43	3.7
Other parks that meet the open-space test		18,683	0.43	3.7
Landscaped corners (too small to count as park)		20,309	0.47	4.0
Utilities (STP, tank + tubewell, waste point)		2,196	0.05	0.4
Total colony		**508,037**	**11.66**	**100**

SELLABLE: 283,705 sq ft = 6.51 acres = 55.8% of colony (60 plots)

OPEN SPACE meeting the BVN test (parks): 7.4% | with promenade garden: 20.4% (minimum 10%)

GARDEN VIEW: 58 of 60 plots face the river promenade, a garden median or a park

Resort: 11.77 acres, incl. the 15 m public access road (~0.76 acre) to be dedicated as a public road

PLOT MIX

20 river-front plots 4,290–7,076 sq ft (avg 5,610), backing onto the promenade garden

40 villa plots 3,616–6,184 sq ft (avg 4,288), typical 45 × 90 ft; no clubhouse

Every plot has direct road frontage and a regular shape (plot numbers in red = no garden view)

ROADS

Public access road 15 m: main entry → through the resort → colony gate

Gate entry road 12 m, plain (no plots on one side, so no median)

RD river drive 12 m, plain, avenue trees in the verges (~400 m long → 12 m under BVN Rule 38)

Garden streets S2, S3: 12 m = 4.5 m lane + 3 m garden median + 4.5 m lane

All other streets 9 m, plain

DESIGN LOGIC

River-front plots back onto the riverside promenade garden – no median needed in front of them

A garden median runs only where it gives a plot its garden view – none at the gate entry, none on RD or S1

Triangle block is the central park (counts as open space); the S4 plots face it, so S4 is a plain 9 m street

Clubhouse and pool removed – they belong in the resort

Utilities only in corners too small to count as parks; transformer pole-mounted at the gate

TO CONFIRM BEFORE APPROVAL

River identity + HFL: if this is the Narmada, the 300 m rule leaves no buildable land

Open space: parks give 7.4% – T&CP must accept the promenade garden to reach 10%

RD could be 9 m if T&CP measures road length between junctions (≈ +2% sellable)

EWS/LIG by shelter fee (no land) – confirm in-lieu option under the 2014 rural rules

Scale calibrated to surveyed areas (~1:858); architect to redraw on the CAD survey

Concept for discussion only – not an approved drawing

River-front plot
Villa plot
Road
Garden median (road land)
Riverside promenade garden
Park (counts as open space)
Landscaped corner
STP / OHT / W = sewage plant, water tank + tubewell, waste point
Resort
