| **Total colony** | | **508,037** | **11.66** | **100** |

**SELLABLE: 292,892 sq ft = 6.72 acres = 57.7% of colony**

Open space: river promenade + gardens = 23.9% (BVN Rule 47(2) minimum 10%)

Resort parcel: 512,668 sq ft = 11.77 acres (not part of the colony sale)

## PLOT MIX

21 river-front villa plots, 4,290–7,076 sq ft (avg 5,650): back onto the river promenade

37 villa plots, 3,856–7,962 sq ft (avg 4,709): typical 45 × 90 ft (4,050 sq ft)

Every plot has direct frontage on a road right-of-way (checked: 0 without frontage)

## ROADS

Access road 15 m from the main entry, through the resort, to the colony gate

Colony entry boulevard 24 m: 2 × 9 m carriageway + 6 m garden median

Every road divided: 5.5 m + 4 m garden median + 5.5 m = 15 m (garden between the lanes)

River drive 15 m divided (garden median)

## DESIGN LOGIC

No gardens inside plots – a 5,000 sq ft plot has room for its own garden

River-front plots face the river across a continuous 15 m riverside promenade

Every inner plot faces a garden median in its road

Internal streets run at an angle that fits the site, so few plots are wasted

Odd corners become pocket gardens or utility sites; clubhouse at the entry

## TO CONFIRM BEFORE APPROVAL

River identity + HFL: if this is the Narmada, the 300 m rule leaves no buildable land

T&CP to accept the 15 m river buffer as part of the 10% open space

EWS/LIG: paid as shelter fee (no land) – confirm in-lieu option under 2014 rural rules

25% of developed plots mortgaged to the Collector until completion

Planning-area status and land use (T&CP); resort needs commercial use permission

Scale calibrated to surveyed areas (~1:858); architect to redraw on CAD survey
